

## Strawberry Snow

Brenda Lee

Sleep with your spoon in your pillow  
Don't be the witch that bends the Willow  
No matter how old you are  
Morning may bring, Strawberry Snow

Little boys and girls make raindrops turn to Lemon  
Then, little boys and girls turn into men and women  
Those that are happy are those that still know  
That morning may bring, Strawberry Snow

Smile though your heart has no reason

Drink everyday that's the season  
Ask little children, they know  
Morning may bring, Strawberry Snow

Ask little children, they know  
Morning may bring, Strawberry Snow
