

# Swanee River Rock

**Brenda Lee**

Do you know way down way down upon the Swanee  
Talkin' about the river, you know it's so far  
Yes it's so far away

Do you know that's where my heart is turning  
Oh yeah and that's where that's where the old folks stay

All the world is sad and lonely yeah av'rywhere everywhere I ro  
am

I keep a-  
telling you darling how my heart is growing sad and lonely  
Because I'm so far so far from my folks back home

All the world is sad and lonely yeah av'rywhere everywhere I ro  
am

I keep a-  
telling you darling how my heart is growing sad and lonely  
Because I'm so far so far from my folks back home  
From my folks back home  
From my folks back home
