

Talkin' 'Bout You

Brenda Lee

Who is my friend when our friends are gone nobody but you child
and I do mean you
Who is my friend now when our friends are gone nobody but you o
h oh yeah
Who is my friend now when our friends are gone
Who always defends me if I'm right or wrong
Nobody but you oh oh nobody but you and I'm talkin' bout you
Well who is the song now who is the song in my parade
Nobody but you and I do mean you
Who is the song now in my parade nobody but you oh yeah
Who is the song now song in my parade ah who is the doctor over
my dead grave
Nobody but you oh yes nobody but you I'm talkin' bout you

Ah who knows how to love me ah in my way
Nobody but you child and I do mean you
Who knows how to love me oh baby in my way nobody but you ah ye
s
Who knows how to love me in my way ah who's always there every
night indeed
Nobody but you child oh oh yes nobody but you I'm talkin' bout
you
Lord talkin' bout you oh talkin' bout you
