We Had A Good Thing Going

Brenda Lee

Oh baby, I know that we just couldn't go wrong No matter how hard we might have tried For you and I, we're just too much alike to get along Oh what a shame to have to set so much aside

Cause baby, we had a good thing going, Yes we did now though the good times, Were far and few between Oh baby, We had a good thing going yeah we did But we lost it somewhere and Lord knows its a crying shame

I remember we agreed to go our separate ways It just broke my heart to say goodbye Cause I believe, if it had been another time and place Oh we'd have made it If we had given it one more try

Cause baby, we had a good thing going, Yes we did now though the good times, Were far and few between Oh baby, We had a good thing going yeah we did But we lost it somewhere and Lord knows its a crying shame Yes we lost it somewhere and Lord knows its a crying shame
