

Wee Wee Willies

Brenda Lee

Baby baby got the wee willies chee chee chillies for you
Baby baby got the wee willies chee chee chillies for you

Well I shake with the willies shiver with the chillies I ain't
got nothin' warm to hold
My baby left me said he's goin' to forget me wo wo wo baby ain'
t it cold yeah
Baby baby got the wee willies...

Baby baby got the wee willies...

You had to let loose and maybe blow off steam just like a radia
tor
Now you got a cold stare I know you don't care feel just like a
refrigerator
Baby baby got the wee willies...
The chee chee chillies the wee wee willies for you
