

# NightLife

Brendan James

It's the nighlife calling  
Can you hear it in your mind?  
It's the daylight falling  
Can you leave it all behind?

It's the nighlife calling  
Can you hear it in your mind?  
It's the daylight falling  
Can you leave it all behind?

Dance if you got no money  
Dance if you got no luck  
Dance if you got that feeling  
Always gonna have enough  
Dance if you're someone special  
Dance if they wish they knew  
Dance if you got a good life  
A life you never wanna lose!  
Oh, oh, oh, oh, oh

It's the nighlife calling  
Can you feel it in your soul?  
It's the daylight falling  
Can you lose all control?

Dance if you got no money  
Dance if you got no luck  
Dance if you got that feeling  
Always gonna have enough  
Dance if you're someone special  
Dance if they wish they knew  
Dance if you got a good life  
A life you never wanna lose!  
Oh, oh, oh, oh, oh

Dance if you drink that whiskey  
Dance if you drink that wine  
Dance if it makes you happy  
Happy just to be alive!

It feels good to be here  
Lost in the dark!  
It feels good to be here  
Lost in the dark!  
Lost in the dark!  
Lost in the dark!
