Brendon Small

This one comes from me  
My god I'm so into you  
He never took the time  
To say you're looking good too

It don't matter now  
Who I could be to you  
Beast or royalty  
I wanna move with you

I think you're so wonderful  
Stay with me I'll stay with you  
If you only knew the things I'd do to you  
I'll bend you till you break and won't be through with you  
Push until you shake and you will beg me too  
But it's getting late we better move it

Come on my way come on my come on let's go oh  
It's not too soon  
Come on my way come on my way come on let's go oh  
It's up to you

And there is nowhere to run  
And there is nowhere to run  
And there is nowhere to run  
And there is nowhere to run

The clock is running down  
It's time to make your call  
I can read your thoughts  
You're mind's made up you know  
You've got no will  
You're mine to break  
It's your chance  
You better take it now

Stay with me  
I'll stay with you

Come on my way come on my come on let's go oh  
It's not too soon  
Come on my way come on my way come on let's go yeah  
It's up to you  
It's up to you  
It's up to you  
It's up to you
