

# You Can't Run Away

Brendon Small

I am inside your mind  
Ghosts of your past have died  
I have hidden your soul  
You're under my control

You can't run away from me

I want you to know  
If you try to go  
I can detect your lies  
You're risking both your lives

You have begun counting days  
You have found your place to stay  
You will never get away  
You can't run away from  
You can't run away from  
You can't run away from me

I realize that I'm feeling so much colder  
I realise that I am running out of time

You have begun counting days  
You have found your place to stay  
You have begun counting days  
You have found your place to stay  
You have begun counting days

You can't run away from  
You must run away from  
No you can't run away from  
No you can't run away from
