

Running Late

Brennan Heart

Shake the house like a motherfucking earthquake

Gonna be late
So they just have to wait
And have a little faith
That I am gonna be there right in the heat of the moment
I hate, the fact I'm running late
This time I overrate
But then I come, shake your house like a motherfucking
earthquake

But then I come, shake your house like a motherfucking
earthquake

Gonna be late
So they just have to wait
And have a little faith
That I am gonna be there right in the heat of the moment
I hate, the fact I'm running late
This time I overrate
But then I come, shake your house like a motherfucking
earthquake

But then I come, shake your house like a motherfucking
earthquake
