

Can You Dig It

Brenton Wood

I know a little hide away up by a lake
And your the one and only girl I'd love to take.
Can ya dig it
All I really wanna do is steal away
But I have to be with you so what do you say
Can ya dig it
We could be together alone at last.
Like in that dream we both had in the past

Cant you see us just sitting 'round the fire pace.
Setting such an easy place.
Watching while the snow falls down
Nobody else gonna be around
Tell me cant ya dig it

And in my hide away I'm gonna get to know you
Its such a fine time to show you how sweet I can be
No baby, I wont tell a living soul where we are
Were gonna cuddle up and fight the cold
Just count the stars.
Can ya dig it

Mmmm
How's about on Friday night we catch a plane
Then on Sunday afternoon come back by train
Cant ya dig it

Mmm
We could be together alone at last.
Like in that dream we both had in the past

Cant you see us just sitting 'round the fire place.
Setting such an easy pace.
Watching while the snow falls down
Nobody else gonna be around
Come on, tell me, cant ya, dig it.
