Think I'll call her number
Just one time.
And if she calls back, I don't care.
She won't mind.
I think I kept her details
In my phone.
And if I've lost them I don't mind.
She won't know.
I think I'll call her
And make amends.
Perfect strangers
On a knife edge.

All it takes is one excuse
To end the date.
Once the teams were introduced,
Slipped away.
I think I'll call her.
And make amends.
Perfect strangers
On a knife edge.
I think I miss her
And her pets.
Perfect strangers
On a knife edge.
