

Father Me

Brian Doerksen

Father, father me, I need your love, I need your love
Father, pardon me
I feel so alone, longing for a home
I need comfort, I need shelter
I need healing for my soul
Take this fear that I surrender
Take me in, take me home, father me
Father, father me, call me by name, call me by name
Father, oh please pardon me, take me to your home
Adopt me as your own
I need comfort, I need shelter
I need healing for my soul
Take this pain that I surrender
Take me in, take me home
Father, father me, I need your love, I need your love
Father, father me, take me to your home
Adopt me as your own, father me
