

# Driving Me Backwards

Brian Eno

Ohohohohohohoh oh  
Doo doo doo doo doo doo dah  
I'll be there

Oh driving me backwards  
Kids like me gotta be crazy

Moving me forwards  
Perhaps you think that I'm lazy

Meet my relations  
All of them grinning like facepacks

Such sweet inspiration  
Curl me up, a flag in an icecap

Now I've found a sweetheart  
Treats me good, just like an armchair

I try to think about nothing  
Difficult, I'm most temperamental

I gave up my good living  
Typical I'm most sentimental

Ah Luana's black reptiles  
Sliding round make chemical choices

And she responds as expected  
To the only sound, hysterical voices

And you are driving me backwards  
Kids like me gotta be crazzzzzy i-i-i-i-i-i-i  
doo doo doo dodoo dodah I'll be there.
