

Wire Shock

Brian Eno

Se doué a té doue se doué a te doué
They live near the lake
They can't see the lake
They live near the lake
And something is nothing
And something is nothing

Akakakakakakaka

Se doué a té doue se doué a te doué
They live near the lake
I'll tell you, they had this beautiful house
Nobody near this house
Something is nothing
Something is nothing.
