

## Wire Shock

Brian Eno

Se doué a té doue se doué a te doué  
They live near the lake  
They can't see the lake  
They live near the lake  
And something is nothing  
And something is nothing

Akakakakakakaka

Se doué a té doue se doué a te doué  
They live near the lake  
I'll tell you, they had this beautiful house  
Nobody near this house  
Something is nothing  
Something is nothing.
