## If Mary's There

**Brian Hyland** 

I won't be there if Mary's there I'm still in love with her I couldn't bear to see her there I'd be alone and blue She'd be with someone new Without a care I won't be there if Mary's there I love her too much We'd be but just a kiss away And never ever touch

It isn't fair to ask me there I know I'll only cry I won't be there if Mary's there I'll love her till I die

I couldn't bear to see her there I'll only cry No I won't be there if Mary's there I'll love her till I die
