

China Belle

Brian May

There's a little lady living down in old Beijing
She's got everything you need, well you know what I mean
No it ain't what you're thinking, she ain't love for sale, oh n
o
She'll get you jumping just for fun but there's a sting in her
tale
She's a lover she's a fighter she's a red hot bit
You take her as you find her but you never can quit
She's a pretty little lady called China Belle
She's a little bit of heaven and a whole lot of hell

She's got a bad reputation but she won't say no
You're gonna need her sweet loving when you go go go
She got your diamond on her finger, you can see it glisten
She's got plenty conversation, don't talk just listen
She could be flat bed faking, but you never can tell
Got the the body of an angel but you know darn well
She's a pretty little lady called China Belle
She's a little bit of heaven and a whole lot of hell

I was standing at the station on the neck of Siam
I met a man from Abu Dhabi said you know who I am
They call me hard-nosed Harry who could never get hooked
But I fell in love with trouble and with just one look
She give you dirty loving honey make you feel real swell
But if you say you wanna stay she ain't that kind of gal
I said you're talking about a lady that I know darn well
She's a little bit of heaven and a
Whole lot of hell

She'll take you you Nee-How walking to a Chinese ball
You'll be singing and a-dancing underneath the great wall
But when you're strolling in the rain through Tianenman Square
You turn around to look for China and she ain't nowhere
She's a dangerous habit she's a red hot hit
You could get a better rabbit but you just can't quit
She's a pretty little lady called China Belle
She's a pretty little lady called China Belle
She's a little bit of heaven and a
Whole lot of hell

Take me to China

She's a little bit of heaven and a whole lot of hell
