

# Driven By You

Brian May

We touch, and you're afraid of me, and we burn and now I'm at your feet  
High speed, but you know you're in safe hands  
In the dark, we make a brighter light, from one spark to the horizon wide  
We trust and together we tame the land  
Oh, you'd be forgiven if you think you're dreamin' but we're working night  
and day  
To make the dream come true, yeah  
Everything I do is driven by you.

(Oh, come on babe)

Well, it's tough, to make a journey through, the right stuff is dead ahead  
of you and me  
And you know, we still got time.  
Hold on tight to the driving wheel, this ride is really out of line  
Raw deal, but there's no other that's worth a dime  
You know I love you but you drive me crazy  
Cause you're saying all the things I want to say to you (you say)  
Everything I do is driven by you

Everything we do, everything we do, everything we do, everything we do  
o  
Everything we do, is driven by you  
Inner children lost their way, now they know the price to pay  
I'm holding on to life with you, cause life without you just won't do  
.

You know we're never gonna know who's dreaming  
But we're working night and day to make the dream come true, yeah.  
Everything I do is driven by you

Everything we do, everything we do, everything we do, everything we do  
o  
Everything we do, everything we do, everything we do, everything we do  
o,  
yeah

Is driven by, driven by, driven by you, yeah!
