

Driven By You

Brian May

We touch, and you're afraid of me, and we burn and now I'm at your feet
High speed, but you know you're in safe hands
In the dark, we make a brighter light, from one spark to the horizon wide
We trust and together we tame the land
Oh, you'd be forgiven if you think you're dreamin' but we're working
night
and day
To make the dream come true, yeah
Everything I do is driven by you.

(Oh, come on babe)

Well, it's tough, to make a journey through, the right stuff is dead ahead
of you and me
And you know, we still got time.
Hold on tight to the driving wheel, this ride is really out of line
Raw deal, but there's no other that's worth a dime
You know I love you but you drive me crazy
Cause you're saying all the things I want to say to you (you say)
Everything I do is driven by you

Everything we do, everything we do, everything we do, everything we do
o
Everything we do, is driven by you
Inner children lost their way, now they know the price to pay
I'm holding on to life with you, cause life without you just won't do
.

You know we're never gonna know who's dreaming
But we're working night and day to make the dream come true, yeah.
Everything I do is driven by you

Everything we do, everything we do, everything we do, everything we do
o
Everything we do, everything we do, everything we do, everything we do
o,
yeah

Is driven by, driven by, driven by you, yeah!
