Almost Here

Brian McFadden

Did I hear you right 'Cause I thought you said Let's think it over

You have been my life And I never planned Growing old without you

Shadows bleeding through the light Where a love once shined so bright Came without a reason

Don't let go on us tonight Love's not always black and white Haven't I always loved you?

But when I need you
You're almost here
And I know that's
Not enough
But when I'm with you
I'm close to tears
'Cause you're only almost here

I would change the world If I had a chance Oh won't you let me

Treat me like a child Throw your arms around me Please protect me

Bruised and battered by your words Dazed and shattered how it hurts Haven't I always loved you

But when I need you
You're almost here
And I know that's
Not enough
But when I'm with you
I'm close to tears
'Cause you're only almost here

Bruised and battered by your words Dazed and shattered now it hurts Haven't I always loved you

But when I need you, you're almost here
(Well I never knew how far behind I'd left you)
And when I hold you, you're almost here
(Well I'm sorry that I took our love for granted)
(Now I'm with you, I'm close to tears
'Cause I know I'm almost here)
Only almost here
