

Just Say So

Brian McFadden

Just say so
Just say so
Just say so
Just say so
Just say so
Just say so

I see the love disappearing from your eyes eyes yeah
We complicate things every time we fight fight yeah
Painted pictures in my mind mind yeah
No this time I'm being blind blind BM
Well I tried so hard but it still goes on

If you gonna leave me don't hesitate don't leave me
Just say so, just say so
Lovers can't believe us they need to scream villains
Just say so, just say so

Damn feelings burning my spirit inside inside yeah
I'm half the man you can barely recognize 'ize yeah
Well love can take me for a ride ride yeah
Turning tables changing times times BM
Well I tried so hard but it still goes on

If you gonna leave me don't hesitate don't leave me
Just say so, just say so
Lovers can't believe us they need to scream villains
Just say so, just say so

If you gonna leave me don't hesitate don't leave me
Just say so, just say so
Lovers can't believe us they need to scream villains
Just say so, just say so

If you wanna figure out me be like me yeah me yeah
If you wanna figure out me be like me yeah

If you gonna leave me don't hesitate don't leave me
Just say so, just say so
Lovers can't believe us they need to scream villains
Just say so, just say so

If you gonna leave me don't hesitate don't leave me
Just say so, just say so
Lovers can't believe us they need to scream villains
Just say so, just say so

Just say so
Just say so
Just say so
Just say so
Just say so
