

Comfortable

Brian McKnight

I've been knowin' you for a minute baby
Everything you want girl I done did it baby
Didn't put on the pressure to get it baby
'Cause you be too smart for that
I been thinkin'bout your lips lately
I been thinkin' bout them hips baby
The one thousand ways that'll drive me crazy
What you got girl I want it
Ooh so serious
Everytime you're around I feel the rush
I have to cool for a minute now I'm curious
Let's get comfortable
No baby don't tease
Girl it's gettin' hot just let it breathe
I ain't come to beg but I'm here to please
Let's get comfortable
Before I take you to the crib baby'
Before I show you how I live lady
Takin' my time sexin' your mind
Then I give it to your body
Tell me what you know about that
I can do it how you like it girl
Lights on is cool I can see it girl
Lights off is cool I can fee y'girl
And I won't stop 'til you get enough

You know what I came to do
I know that you want me to
Relax let me set the mood
Break it down
Gir I can't wait much longer
I feel it comin' on stronger
I just can't take it no more
I want you, I want you
