Played Yourself

Brian McKnight

All you do is tell me lies
Can't you see I'm
not surprised
That you think that I'm
A fool
hey
'Cause you think that no
one sees
And you think you're
playin' me
I just think that your
confused
You're playin' you, baby

You didn't think that I would
catch you
You didn't know how I knew
You didn't think your girl
would tell on you
You played yourself that way

She was your bestfriend in
your eyes
But she told me the flip side
Guess she wanted in my life
If you would've seen her
plan
Would've known I was
the man
That she desired to have
You were too blind to see

I waited
Look enough for you
to throw your cards
You played it
But playin'didn't get you
very far
