

# Up Around My Way

Brian McKnight

You can call me day and night, night and day  
Girl you're all that I want  
I need you up around my way  
We go together like a potter and clay  
Girl you're all that I want  
I need you up around my way

Michael Angelo would faint  
Rembrandt would cry  
To stand in line for a lock of your hair  
I'd fly around around the world  
Just to be close to you  
Anytime, anyplace, anywhere

You can call me day and night, night and day  
Girl you're all that I want  
I need you up around my way  
We go together like a potter and clay  
Girl you're all that I want  
I need you up around my way  
Just tell me what I should do  
Tell me what I should say  
Rub me I'm your genie  
Your wish is my command right away  
Can we talk about it  
Lady can we get together  
I'm free, I'm free

Left of the sun  
Right of the moon  
You're hotter than the fourth of July  
Ah oooh  
One taste of your sweet sweet lips  
Will have me doing cartwheels and flips  
Kinda shy to say that I'm sweating you  
Judging by the smile on your face  
Says I'm getting through  
You no rush, come will the day  
You come around my way  
Come on

You can call me day and night, night and day  
Girl you're all that I want  
I need you up around my way  
We go together like a potter and clay  
Girl you're all that I want  
I need you up around my way

[repeat and fade]
