Your Love Is Ooh

Brian McKnight

Your love is ooh Your love is ooh baby

I contemplate, as we lay Caught up in your web of pleasure Let me get my thoughts together Concentrate, stimulate Ecstacy cannot be measured I finally found my treasure

When I think about the love we make I can't find the word to say, your love is ooh Your love is ooh baby When I think about the the love we make I run out of breath and I start to shake your love is ooh Your love is ooh baby

Take the sun Take the moon All I ever need is you You make my dreams come true Through the storm, nice and warm Girl you know just what to do You know just what to do

I'm just an ordinary man I don't understand Why the way that I feel gets so hard for me To explain Am I dreamin'?

When I think about the love we make I can't find the word to say, your love is ooh Your love is ooh baby When I think about the love we make I run out of breath and I start to shake Your love is ooh Your love is ooh baby

And my heart is beating, sore from being Loved so beyond my needs All I know is I want the world to know Your love is ooh Your love is ooh Your love is..... ooh

Ooh, Ooh, Ooh [continue w/ ad lib and fade]
