

Let Him Run Wild

Brian Wilson

When I watch you walk with him
Tears fill my eyes
And when I heard you talk with him
I couldn't stand his lies
And now before he tries it
I hope you realize it

Let him run wild he don't care
Let him run wild he'll find out
Let him run wild he don't care
I guess you know I waited for you girl

He'll do the same with other girls
As he did to you
Then one day he'll run into one
That's going to hurt him too
Before he makes you over
I'm going to take you over

Let him run wild he don't care
Let him run wild he'll find out
Let him run wild he don't care
I guess you know I waited for you girl

All the dreams you shared with him
You might as well forget
Because I know a truer love
And that's what you'll get
And now that you don't need him
Well he can have his freedom girl

Let him run wild he don't care
Let him run wild he'll find out
Let him run wild he don't care
I guess you know I waited for you girl
