

Beast

Bride

I am the one

The devil's head is along the highway
He's electric, got nothing to say
Not an easy road in the heat of the day
I'm sick and tired of the tolls I gotta pay

Do you fill my head with lies?
I'm sleeping all uneasy tonight
My body is broken and I'm shaking inside

You're the little beast
You're the little beast
Such a little beast
You're the little beast

Pearls before the swine, love is a higher law
The purple sky brings out those hungry dogs
Sonny-boy Williamson, can you tell me what went wrong?
Can I have your shoulder to lean on?

Do you fill my head with lies?
I'm sleeping all uneasy tonight
My body is broken and I'm shaking inside

You're the little beast
You're the little beast
Such a little beast
You're the little beast, oh

When a child is unwanted, they say justice falls
Let's go into the poor neighborhoods and machin-gun them all
Salvation is a dove and branch, the rainbow crucified
Chill the messiah, who is your Jesus Christ

Do you fill my head with lies?
I'm sleeping all uneasy tonight
My body is broken and I'm shaking inside

You're the little beast
You're the little beast
Such a little beast
You're the little beast

Hey, you're the little beast
Oh, such a little beast
You're the little beast
You're the little beast
Ohoh oh
Little beast
Ohoh, hey
Oh
