

Ever Fallen in Love

Bride

She drives me crazy, makes me belong
I can't take, take it no more
She gives her best, she gives her all
She picks me up when I fall

Ever fallen in love? - I have
Ever fallen in love? - I am

She got a good thing, she got a special way
She there when I need her the most
She really doing fine, she got a heart to give
She puts me together again

Ever fallen in love? - I have
Ever fallen in love? - I am
Ever fallen in love? - I have
Ever fallen in love? - I am

Love bears all things, believes all things
Hopes all things, love endures all things
Love is patient, love is kind
Love is forgiving, yeah, love is blind

She tells me she's all mine, knows how much I need her
I'm blessed to have these feeling again, yeah
She makes me the man I am, she's the one I believe in
She holds a key to my heart

Ever fallen in love? - I have
Ever fallen in love? - I am
Ever fallen in love? - I have
Ever fallen in love? - I am

Ever fallen in love?
Ever fallen in love?
Ever fallen, ever fallen in love?
Ever fallen, ever fallen in love?
