

Here Comes the Bride

Bride

I'm the man in white
The eagle in flight
I got wings of steel
I'm clean and pure
My heart is sure
I'm dressed to kill

Strings of fire
Screaming guitars
Energy explodes
Golden throat
To do a show
Power unloads

Here comes the bride

Got feet of brass
I'm first and last
Sharp two edged sword
Nail scars
I hold the stars
I live forever more

Strings of fire
Screaming guitars
Energy explodes
Golden throat
To do a show
Power unloads

Here comes the bride

(When the word of the Lord...)

Here comes the bride
Bride, bride
