

I Hear A Word

Bride

Voices haunting me accusing me from within
They are present with me making me behave

Spirit never condemns never talks to himself
Spirit never condemns never talks to himself

I hear a word
I hear a word resting on me
I hear a word
I hear a word resting on me
Inspired

In my selfishness my pride did swell
I must learn to serve in all humility

Spirit never condemns never talks to himself
Spirit never condemns never talks to himself

I hear a word
I hear a word resting on me
I hear a word
I hear a word resting on me
Inspired

In the valley of darkness never stopped to rest
Cleansed by the word and washed by the blood

Spirit never condemns never talks to himself
Spirit never condemns never talks to himself

I hear a word
I hear a word resting on me
I hear a word
I hear a word resting on me
Inspired

I hear a word
I hear a word resting on me
I hear a word
I hear a word resting on me
Inspired

I hear a word
Resting on me
Inspired
Inspired
