

I Live For You

Bride

Deny yourself, die to the flesh
No conceit, pride of life
Law of grace, serve in love
Wait for hope of righteousness

Pluck out my eyes, my sight to you
Walk a mile, I'll walk two
Turn my cheek, state of grace
I have left all

If I live - I live - I live for You
If I die - I die - I die for You
If I live - I live - I live for You

If I live - I live - I live for You
If I die - I die - I die for You
If I live - I live - I live for You

So I speak with tongues of angels
Speak with wisdom of men
Give my body to be born
Without love I am sin

Deny yourself, die to the flesh
No conceit, pride of life
Law of grace, serve in love
Wait for hope of righteous...

If I live - I live - I live for You
If I die - I die - I die for You
If I live - I live - I live for You

If I live - I live - I live for You
If I die - I die - I die for You
If I live - I live - I live for You

Give me life, liberty
I want to be free
Give me life, liberty
I want to be free

If I live - I live - I live for You
If I die - I die - I die for You
If I live - I live - I live for You

If I live - I live - I live for You
If I die - I die - I die for You
If I live - I live - I live for You

If I live - I live - I live for You
If I die - I die - I die for You
If I live - I live - I live for You

If I live - I live - I live for You
If I die - I die - I die for You
If I live - I live - I live for You
