

# Adrenaline

Bridge to Grace

Take some time to push it  
Take some time for hate  
Never take a second of bullshit  
Make them come at you straight

catch you running  
Coming from the fashion of fate  
Everybody has a purpose  
Something that can't deviate

Feed me adrenaline  
Keep coming back again  
Feed me until the end  
I'm turning venomous  
Feed me adrenaline

Lately I can see the colors  
Changing my invisible face  
I can feel you hold me under  
Nobody could feel the flames

Coming just a little closer  
Let me feel the breath on me  
I tie you up for the reason  
It's someone I will always miss

Feed me adrenaline  
Keep coming back again  
Feed me until the end  
I'm turning venomous  
Feed me adrenaline

Adrenaline!

Feed me adrenaline  
Keep coming back again  
Feed me until the end  
I'm turning venomous  
Feed me adrenaline  
Feed me adrenaline
