

All I Want To Be

Bridge to Grace

Some day, some way I'll come around
The chains are breaking, something
Never ever numbed me down
In some ways you never found me
Some days I'm always gone
Strange things are coming quickly
Look down where I belong

All I wanna be
Is where you left me
All I wanna be
Where I'm not empty
I'm crawling back inside
A place where I can hide
All I wanna be
Is where you left me

Too many places come undone
Believe me I'm racing toward
The setting of a better sun
Memories, they never leave me
Carry a loaded gun
Mystery will only force me
To recall what's said and done

All I wanna be
Is where you left me
All I wanna be
Where I'm not empty
I'm crawling back inside
A place where I can hide
All I wanna be
Is where you left me

(Hey, hey, hey, hey, hey)
(Hey, hey, hey, hey, hey)
(Hey, hey, hey, hey, hey)

All I wanna be
Is where you left me
All I wanna be
Where I'm not empty
I'm crawling back inside
A place where I can hide
All I wanna be
Is where you left me

(Hey, hey, hey, hey, hey)
(Hey, hey, hey, hey, hey)
(Hey, hey, hey, hey, hey)
(Hey, hey, hey, hey, hey)

(Hey, hey, hey, hey, hey)
(Hey, hey, hey, hey, hey)
(Hey, hey, hey, hey, hey)
