## Bridge to Grace

string me up  
Have I had enough?  
I'll find a better way  
To breathe you in  
Another way to break  
From the times lost  
And can you hear the clock?  
It sounds like a ticking  
Of another heart  
It beats until  
It makes you go insane

So high  
you wanna call me crazy  
You're the one  
who I keep jumping into

'Cause I'm mad as a hatter  
Need to medicate

Can you break the mark  
Of the seconds lost  
Start calling to it  
All again tonight  
Evaporate my name  
Am I coming up?  
Did you bring me down?  
I feel it working  
In my veins again  
Suffocate the way  
I bear the pain

So high  
you wanna call me crazy  
You're the one  
who I keep jumping into

'Cause I'm mad as a hatter  
Need to medicate

So high  
you wanna call me crazy  
You're the one  
who I keep jumping into

high  
you wanna call me crazy  
You're the one  
who I keep jumping into

'Cause I'm mad as a hatter  
Need to medicate

Hate  
Hate  
Hate
