

All I See Is Gold

Bridgit Mendler

I've got a sea of flowers
But all these hours are just mine alone
No one's home
Bought me the finest China
Each time I dine it's always me alone
With the heater on
Left to your own devices
A master of disguises
Why is that not surprising
It's like your midas

Chorus

Ohh Ohh now all I see is gold
All I see is gold
Ohh Ohh now all I see is gold
All I see is gold

Verse 2

You're probably somewhere sunny
And I'm here wondering
If you dream of me while you're by the sea
Of all the people passing
Your face appears in everyone I see
But you're not with me
And now I just can't tell if
That's the why you felt when
We were just beginning
You've turned to midas

Chorus

Ohh Ohh now all I see is gold
All I see is gold
Ohh Ohh now all I see is gold
All I see is gold

Verse 3

And when you hold my hand
I don't feel anything
All I feel is cold and all I see is gold
Ohhh it's like you're midas

Chorus

Ohh Ohh now all I see is gold
All I see is gold
Ohh Ohh all I see is gold
All I see is gold
Chorus

Ohhhhhhh
All I see is gold
All I see is gold
All I see is gold
All I see is gold
