

# Hope Has Wings

Brie Larson

Lalalala

When I'm stuck on the ground,  
There's no up, only downs,  
Every step sends me falling,  
Not sure how to begin,  
How to rise like the wind  
So that soon I'll be soaring

I just breathe and let myself believe,

'Cause hope has wings,  
To carry you,  
Anything is possible,  
Just might be,  
A miracle,  
Waiting to come true,  
So I lift my eyes,  
And see the sky,  
Feel my heart begin to fly,  
I will be carried by my dreams,  
'Cause hope has wings.

(Hope has wings, Hope has wings)

I could fly through the clouds  
Far away from the doubt  
That would be so amazing  
Feel the sun on my face  
Such a beautiful place  
Yeah, I know that it's waiting

Skating safe with courage and with faith

'Cause hope has wings  
To carry you  
Anything  
Is possible  
Just might be  
A miracle  
Waiting to come true  
So I lift my eyes  
And see the sky  
Feel my heart  
Begin to fly  
(begin to fly)  
I will be carried by my dreams  
'Cause hope has wings

Like a flame, like a spark  
I'm amazed by the change  
There's a star, in the dark  
Calling out my name  
Finally, I can see  
Now, I'm on my way

'Cause hope has wings (Hope has wings)

To carry you  
Anything (Anything)  
Is possible  
Just might be (yeah)  
A miracle  
Waiting to come true (Come true)  
So I lift my eyes (Lift my eyes)  
And see the sky  
Feel my heart (Yeah)  
Begin to fly (Yeah)  
I will be carried by my dreams (By my dreams)

Ba la la la la

I have a new hope that lives in me  
Anywhere I go it sets me free  
It shines a light, it's everywhere (When to fly)  
From north to south it takes me there

I have a new hope that lives in me (Carry me high)  
Anywhere I go it sets me free  
(La la la laaaaaaaaaa)  
It shines a light, it's everywhere  
From north to south it takes me there

La la la la  
La la la la  
La la la, la la la  
La la la la  
(Hope has wings, Hope has wings)  
La la la la  
La la la, la la la
