

Devil Town

Bright Eyes

I was living in a devil town
I didn't know it was a devil town
Oh, Lord, it really brings me down about the devil town

All my friends were vampires
I didn't know they were vampires
It turns out I was a vampire myself in the devil town

I was living in a devil town
I didn't know it was a devil town
Oh, Lord, it really brings me down about the devil town

All my friends were vampires
I didn't know they were vampires
It turns out I was a vampire myself in the devil town

I was living in a devil town
I didn't know it was a devil town
Oh, Lord, it really brings me down about the devil town
About the devil town

I was living in a devil town
I didn't know it was a devil town
Oh lord it really brings me down about the devil town
