

Forever In Love

Brighten

Love is a river that flows through the soul straight to the heart of mare

And our love forever lives deep in the palm of God's hands

Just as my heart woke, it beat for you
Just as my mouth spoke, it spoke for you

Forever in love
Forever in love with you
Forever in love
Perfectly able and born to be true
Forever in love with you

Forever is not some measure of time
Don't matter how long you live
It's a promise where one, even after we're gone
'Til nothing on earth will exist

Just as my eyes saw, I saw you
Just as my legs walked, I followed you

Forever in love
Forever in love with you
Forever in love
Perfectly able and born to be true
Forever in love with you

Only in love
Only in love

Just as my heart beat, I prayed for you
I answered I will always wait for you

Forever in love
Forever in love
Forever in love
Forever in love

Forever in love
Forever in love with you
Forever in love
Perfectly able and born to be true
Forever in love with you
