

Football Season Is Over

Bring Me the Horizon

Why the fuck can I not hail a taxi?
Arm out like a nazi - every cunt's driving past
Where the fuck is everyone?
I can't see anyone. I can't see anything!

The hardest part of today is a hangover
Empty bottles and empty promises
The hardest part of today is a hangover
I got every person I need
And it's gonna be one hell of a messy night!
I can't remember last night. I can't remember anything
I can't remember last night. I can't remember anything

Turn that fucking shit up

Party till you pass out, drink till you're dead.
Dance all night till you can't feel your legs
Party till you pass out, drink till you're dead.
Dance all fucking
Party till you pass out, drink till you're dead.
Dance all night til you can't feel your legs
Party till you pass out, drink till you're dead.
Dance all fucking

We are done with giving a fuck!
