Run The Red Light

British India

And like a skull balloon
I believe in us
So put the pedal down
And turn your high beams off
And I'd dial in your number hoping that your awake
It's a loss sometimes but that's the risk that I'll take
I believe in us
I believe in us

So put your diamonds up for auction
But don't kiss me
I wont let you
Shout my name into the ocean
But don't kiss me
I wont let you

I believe in us

And any time that your walls start coming down
I'll be there in the front seat
Yelling run the red light
Run the red light
Run it
I hate the way that I don't say what I want
What I want is to want what you want
Run the red light
Run the red light
Run it ohh

So out of eden
Don't look back now
But don't touch me
I wont let you
Down in my town
They don't care now
But don't touch me
I wont let you

I believe in us

And any time that your walls start coming down
I'll be there in the front seat
Yelling run the red light
Run the red light
Run it
I hate the way that I don't say what I want
What I want is to want what you want
Run the red light
Run the red light
Make some noise

So drive your car into the ocean
But don't kiss me
I wont let you
Make some headlines
Kill your family
But don't touch me

I wont let you

Run the red light
Run it ohh

And any time that your walls start coming down
I'll be there in the front seat
Yelling run the red light
Run the red light
Run it
I hate the way that I don't say what I want
What I want is to want what you want
Run the red light
Run the red light
Run it

Run the red light
Run the red light
Run it
