

If you see me out
If you see me in the street
Well I may be having a lot of fun
And if I could have cut it off then I would have
And if I could have shut it off then I would have
So sorry angel
Oh sorry about it all
Oh sorry angel
Its a cruel call
Oh you were only waiting for
For the world to catch you up
That's all
Oh you were only waiting
Oh you were only waiting for
For the world to catch you up
That's all
But now you're
Losing
Losing
I saw you reading the Daily Star
Saw you watching The X Factor
And I was wondering
How could you fall so far?
Did you like it when your heart moved faster?
Did you like it when a week was like a full year long?
And did it all go wrong?
So sorry angel
Oh sorry little girl
Oh sorry angel
Its a cruel world
Time will make time
One
Two
Three
Four
Five Six
Seven Eight
