

Stunde Null

British Sea Power

Stunde null, oh stunde null...
You've been on standby
For half a century
It's such a long time
To be always meant to be
Oh clear the floor
Let's get to the fore
It's stunde null hour zero
It's time for more, more, more, let's go

Was it so long ago?
Oh stunde null hour zero
Was it so long ago?
Stunde null stunde null hour zero
Oh stunde null...

When night invades day
Put your childish things away
Or take a two by four
And set about your adult thoughts
Clear the living room floor
Let's get to the fore
It's stunde null hour zero
It's time for more, more, more, let's go

Was it so long ago?
Oh stunde null hour zero
Was it so long ago?
Stunde null stunde null hour zero
Oh stunde null...

But when you think you've seen it all
When you think you've seen it all
Stunde null
Think you've seen it all, stunde null
When you're glad you've seen it all
Stunde null
And you think you've seen it all, stunde null
And you think you've seen it all, stunde null
Stunde null
