

Thin Black Sail

British Sea Power

It's not psychedelic, it's got many merits
It's not psychedelic, nuclear submarine
Darling, I think it's a dream

Your causes, they make me feel so mad
I'm not yellow, oh no I'm steely black
I hate peaceniks, I'm ready to attack
Let's take out London, let's take out all of that

'Cos it's not psychedelic, it's got many merits
Nuclear submarine

Thin black sail, thin black sail, thin black sail, thin black s
ail, thin black sail, thin black sail...

It's not psychedelic, it's got many merits
Nuclear submarine
Darling, I think it's a dream
