

## We Close Our Eyes

British Sea Power

We're all in it and  
We're all in it and  
We're all in it and  
We close our eyes.

We're all in it and  
We're all in it and  
We're all in it and  
We close our eyes.

We're all in it and  
We're all in it and  
We're all in it and  
We close our eyes.

We're all in it and  
We're all in it and  
We're all in it and  
We close our eyes.

We're all in it and  
We're all in it and  
We're all in it and  
We close our eyes.
