Turn the lights out This shit is way too fucking bright Wanna poke my eyes out If you wanna mess with my eyesight Just let me get my head right Where the hell am I? Who are you? What'd we do Last night? Hey yeah yeah Who are you? What'd we do Last night? Hey yeah yeah

Can't remember what I did last night Maybe I shouldn't have given in But I just couldn't fight Hope I didn't but I think I might've Everything, everything is still a blur Can't remember what I did last night Everything, everything is still a blur (Did last night) Can't remember what I did last night Everything, everything is still a blur What's your name, man?

Can you calmly hand me all my things? I think I need an aspirin Better yet, I need to get up outta here I gotta get my head right Where the hell am I? Who are you? What'd we do Last night? Yeah yeah yeah

Can't remember what I did last night Maybe I shouldn't have given in But I just couldn't fight Hope I didn't but I think I might've Everything, everything is still a blur Can't remember what I did last night Everything, everything is still a blur (Did last night) Can't remember what I did last night Everything, everything is still a blur

What happened last night? 'Cause I don't-- 'cause I don't remember What happened?

Can't remember what I did last night Maybe I shouldn't have given in But I just couldn't fight Hope I didn't but I think I might've Everything, everything is still a blur Can't remember what I did last night (Blur) Everything, everything is still a blur (Did last night)

Blur

Can't remember what I did last night Everything, everything is still a blur
