

# Body Ache

Britney Spears

I wanna dance 'til my body ache  
A little bit longer  
Turn you on, make you radiate  
A little bit stronger  
I wanna dance 'til my body ache  
Show you how I want ya  
Show you how I want ya  
Show you how I want ya  
'Til my body ache

On a whole another level  
You got a one way ticket  
I got you riding the curve  
You wanna kick it, kick it  
Start up a riot, riot  
We going downtown  
I'm all up on ya, on ya  
You want it, don't ya, don't ya?

I wanna dance 'til my body ache  
A little bit longer  
Turn you on, make you radiate  
A little bit stronger  
I wanna dance 'til my body ache  
Show you how I want ya  
Show you how I want ya  
Show you how I want ya  
'Til my body ache

I know you feel my fire  
Draw you into my flame  
Tonight we take it higher  
What I got ain't no game  
Won't stop 'til you breathe heavy  
There'll be no turning back  
I'm all up on ya, on ya  
You want it, don't ya, don't ya?

You make my body ache  
You make my, you make my  
You make my body ache  
You make my body ache  
You make my body ache  
You make my body ache

You make my body ache  
You make my body ache  
You make my body ache  
You make my body ache  
You make my body ache  
You make my body ache  
You make my body ache  
You make my body ache

I wanna dance 'til my body ache  
A little bit longer  
Turn you on, make you radiate

A little bit stronger  
I wanna dance 'til my body ache  
Show you how I want ya  
Show you how I want ya  
Show you how I want ya  
'Til my body ache  
  
'Til my body ache
