

# Bombastic Love

Britney Spears

I, I'm here to testify  
That you're the only one I belong to  
I don't know where to start  
It turned into an art  
Not to show the world  
That it was you  
You made me realize  
Not to compromise  
The fact that you and I should meet  
I know we're gonna get  
(Know we're gonna get)  
(Get)

Bombastic love  
So fantastic  
Where I'm completely yours  
And you are mine  
And it's gonna be  
Exactly like in a movie  
When we fall in love  
For the first time

Now, I know why  
I feel so insecure  
I never understood  
What it's good for  
I gotta make sure  
That madness  
Won't stop me again  
I can't sit and wait anymore  
You made me realize  
Not to compromise  
The fact that you and  
I should meet  
I know where gonna get  
(Know where gonna get)  
(Get)

Bombastic love  
So fantastic  
Where I'm completely yours  
And you are mine  
And it's gonna be  
Exactly like in a movie  
When we fall in love  
For the first time

It's gonna be  
Bombastic love  
Everything is gonna be all right  
When I'm yours and you are mine  
It's gonna be fantastic love  
When I wake up everything is still the same  
And you don't even know my name

Oh oh oh oh  
Oh oh oh oh

Oh oh oh oh

I know it's gonna be

Bombastic love  
So fantastic  
Where I'm completely yours  
And you are mine  
And it's gonna be  
Exactly like in a movie  
When we fall in love  
For the first time

I know we're gonna get  
(Know we're gonna get)  
(Get)

Bombastic (bombastic love oh yeah) love  
So fantastic  
Where I'm completely yours  
And you are mine  
And it's gonna be  
Exactly (exactly like) like in a movie  
When we fall in love  
For the first time
