

# Chillin' With You

Britney Spears

You, you, you...

I loved so much that I cried  
I danced so much til I was tired  
I drank some red wine and now I'm walking on the sky  
I had the time of my life

And you know, I, I, I  
I'm feeling alright  
'Cause I don't got to worry 'bout a thing

And you know, I, I, I  
I'm feeling alright  
'Cause I don't got to worry 'bout a thing

When I'm with you  
I'm chillin', I'm chillin'  
When I'm with you  
I'm chillin', I'm chillin'  
When I'm with you  
I'm chillin', I'm chillin'  
When I'm with you  
I'm chillin', I'm chillin'  
I'm chill

I sang so loud that I smiled  
I made it worth my while  
I drank some white wine  
Now I'm walking on the sky  
I had the time of my life

And you know, I, I, I  
I'm feeling alright  
'Cause I don't got to worry about a thing

And you know, I, I, I  
I'm feeling alright  
'Cause I don't got to worry about a thing

When I'm with you  
I'm chillin', I'm chillin'  
When I'm with you  
I'm chillin', I'm chillin'  
When I'm with you  
I'm chillin', I'm chillin'  
When I'm with you  
I'm chillin', I'm chillin'  
I'm chill

Everyday, everyday, everyday  
Chillin' with you  
Everyday, everyday, everyday  
Chillin' with you  
I'm chillin' with you  
I'm chillin' with you  
I'm chillin' with you  
I'm chillin' with you

I'm chillin' with you  
I'm chillin' with you  
I'm chillin' with you

And you know, I, I, I  
I'm feeling alright  
'Cause I don't got to worry about a thing

And you know, I, I, I  
I'm feeling alright  
'Cause I don't got to worry about a thing

When I'm with you  
I'm chillin', I'm chillin'  
When I'm with you  
I'm chillin', I'm chillin'  
When I'm with you  
I'm chillin', I'm chillin'  
When I'm with you  
I'm chillin', I'm chillin'  
I'm chillin', I'm chillin'
