

# Get Naked (I Got A Plan)

Britney Spears

Danja...

Yeah, this sounds nice  
yeah, yeah

I got a plan we can do it  
Just when you want it baby, baby, baby  
As long as you want it  
Come with me we can do it  
Baby, baby, baby

I got a plan we can do it  
Just when you want it baby, baby, baby  
As long as you want it  
Come with me we can do it  
Baby, baby, baby

My body is calling out for you bad boy  
I get the feeling that I just want to be with ya  
Baby, I'm a freak and I don't really give a damn  
I'm crazy as a motherfucker  
Bet that on ya man

If ya like what ya see  
end your curiosity  
Let your mind roam free  
Won't you pay attention please

What I gotta do to get you to want my body?  
Quarter past three and ready to leave the party

What ya trying to do, do, do  
(I got a plan we can do it just when you want it baby, baby, baby)  
What ya trying to do, do, do  
(As long as you want it come with me we can do it baby, baby, baby)  
(6x)

Get naked (8x)  
Take it off (4x)  
Get naked (4x)

I'm not ashamed of my beauty you can see what I got  
Shouldn't I freak you out; imagine if I work it out  
If I got on top, you're gonna lose your mind  
The way I put it down on you, you know should be up

Whatever you want, oh  
Whatever you want, oh  
We got it

If ya like what ya see  
end your curiosity  
Let your mind roam free  
Won't you pay attention please

If ya like what ya see  
end your curiosity  
Let your mind roam free

Won't you pay attention please

Get naked (8x) (would you mind?)

Take it off (4x) (if I took it off)

Get naked (4x)

Baby, take it off

I just wanna take it off, I just wanna take it off

Baby, take it off

I just wanna take it off, I just wanna take it off

What ya trying to do, do, do

(I got a plan we can do it just when you want it baby, baby, baby)

What ya trying to do, do, do

(As long as you want it come with me we can do it baby, baby, baby)
