

Inside Out

Britney Spears

Said your gonna be here in a minute
Sittin' in the mirror gettin' pretty
Gotta look my best if we're gonna break up
Gotta look my best if we're gonna break up

I can hear a knockin' at the front door
And I know exactly what you came for
Tryin' to say goodbye but it's hot and heavy
Tryin' to say goodbye but it's hot and heavy

You, touch me and it's breakin' me down, me down, me down, me d
own
I'm tellin' you, let's just give it up and get down, and get do
wn, and get down

So come on, won't you give me something to remember?
Baby shut your mouth and turn me inside out,
Even though we couldn't last forever, baby,
You know what I want right now
Hit me one more time it's so amazing
How you shook my world and flipped it upside down
Your the only who every drove me crazy
Cause you know me inside out, inside out

I know that we probably shouldn't do this
Wake up in the morning feeling stupid,
Said that we done but your all up on me
Said that we done but your all up on me

Tell me how we got in this position?
Guess I gotta get you out my system
Tryin' to let you go but it's not that easy
Tryin' to let you go but it's not that easy

You, touch me and it's breakin' me down, me down, me down, me d
own
I'm tellin' you, let's just give it up and get down, and get do
wn, and get down

So come on, won't you give me something to remember?
Baby shut your mouth and turn me inside out,
Even though we couldn't last forever, baby,
You know what I want right now
Hit me one more time it's so amazing
How you shook my world and flipped it upside down
Your the only who every drove me crazy
Cause you know me inside out, inside out (2x)
